Person Centred Reviews to Strategic Change

Leadership day for commissioners and senior managers
(up to 20)

Overview of programme and logistics.

Introducing person centred thinking and reviews.

What is the local and national context for this work?

What can person centred reviews tell us?

Person centred reviews course
(12 facilitators)

Each facilitator coached to do their first review

Learning from reviews to inform change

What do person centred reviews tell us is working and not working for people supported?

What does this tell us about what is working that can be built on and what is not working that needs to change?

What does this mean for organisational development?

What does this mean for workforce development?

What does his mean for commissioning and contracting?

Action plan to build on this work
